

PPE & Safety Gear

Section for Personal Protective Equipment (PPE) and Safety Gear. The display includes several yellow hard hats, a high-visibility safety vest, various work gloves, and safety boots. Tools like a power drill and a hammer are also visible. Below the hanging items are shelves with boxes of safety gear and more boots.

Tools & Hardware

Section for Tools and Hardware. A large pegboard wall displays a variety of hand tools including wrenches, sockets, screwdrivers, and hammers. Below the pegboard are shelves with toolboxes, a power drill, and other hardware items.

Building Materials

Section for Building Materials. The display features stacks of lumber, bags of cement or mortar, and a large stack of red bricks. The bags and boxes are branded with the FlexiBuild logo.

Power Tools

Section for Power Tools. The display features several yellow and black power tools, including drills, impact drivers, and saws, arranged on shelves. Below the tools are boxes and a yellow air compressor.

Section for various construction materials and supplies. The display includes numerous cans of paint or sealant, boxes of materials, and a yellow air compressor. The items are neatly arranged on shelves.

A central display area on a wooden platform. It features several large tubs of paint or sealant, stacks of lumber, and several toolboxes. The items are arranged in a way that highlights the variety of products available.
